

A THOUSAND EYED POT

+ 2 years | Difficulty: ★ | 24 hours of drying + 1 hour of activity

Material

You need:

- **Recovery:** 1 glass jar
- [ADHESIVE BLACK EYES](#)
- [ACRYLIC PAINT AEROSOL](#)
- [VASE TO DECORATE](#)

And also:

+ Educational material

fine motor skills, learning shapes, collage

Steps

- Collect glass jars of different sizes.
- Wash them well and remove the labels and glue residues.
- Put them upside down and apply at least two coats of black paint with the acrylic spray can (to be done by an adult, out of the wind in a ventilated room).
- Leave to dry for a day.
- Then stick the eye stickers on the pots in a random fashion, alternating the different sizes.
- Once the eyes have been glued on, tie a satin ribbon on the top of the jar and fill it with pencils, cottons, sweets, etc.

Patience and meticulousness will be required to obtain these beautifully monstrous storage units!
