- GIANT PUNCH Round
- ... OR compasses and scissors for the more patient!

- TRANSPARENT GLUE STICK Adhesive stick
- PAPER TWINE

And also:

⊕ Technical

Cutting, gluing, folding

Steps

For 1 ball:

- Cut 6 to 8 discs from the fancy paper of your choice.
- Fold them in 2.
- Glue the half-discs together.
- Cut a piece of wire about 8 cm.
- Fold it in half and stick it inside the last disk folded in half.
- Glue the last disc to form the ball.

All that remains is to hang these original Christmas baubles with colorful patterns for a unique tree!
