- Curl the 2 lower corners outward to form feet.
- Cut a white triangle the same width as the roll, then glue it to form a red triangle on the top of the man.
- Using a Posca or black felt-tip pen, draw the details: arms, boots, belt, eyes, facial contours, nose and mouth of a Santa Claus.
- Glue a white pompom on the top of the cap and hang a string by forming a loop stuck in the cap by a point of glue to hang your decoration.
