Time to allow: 1hr

Difficulty: ★★☆☆

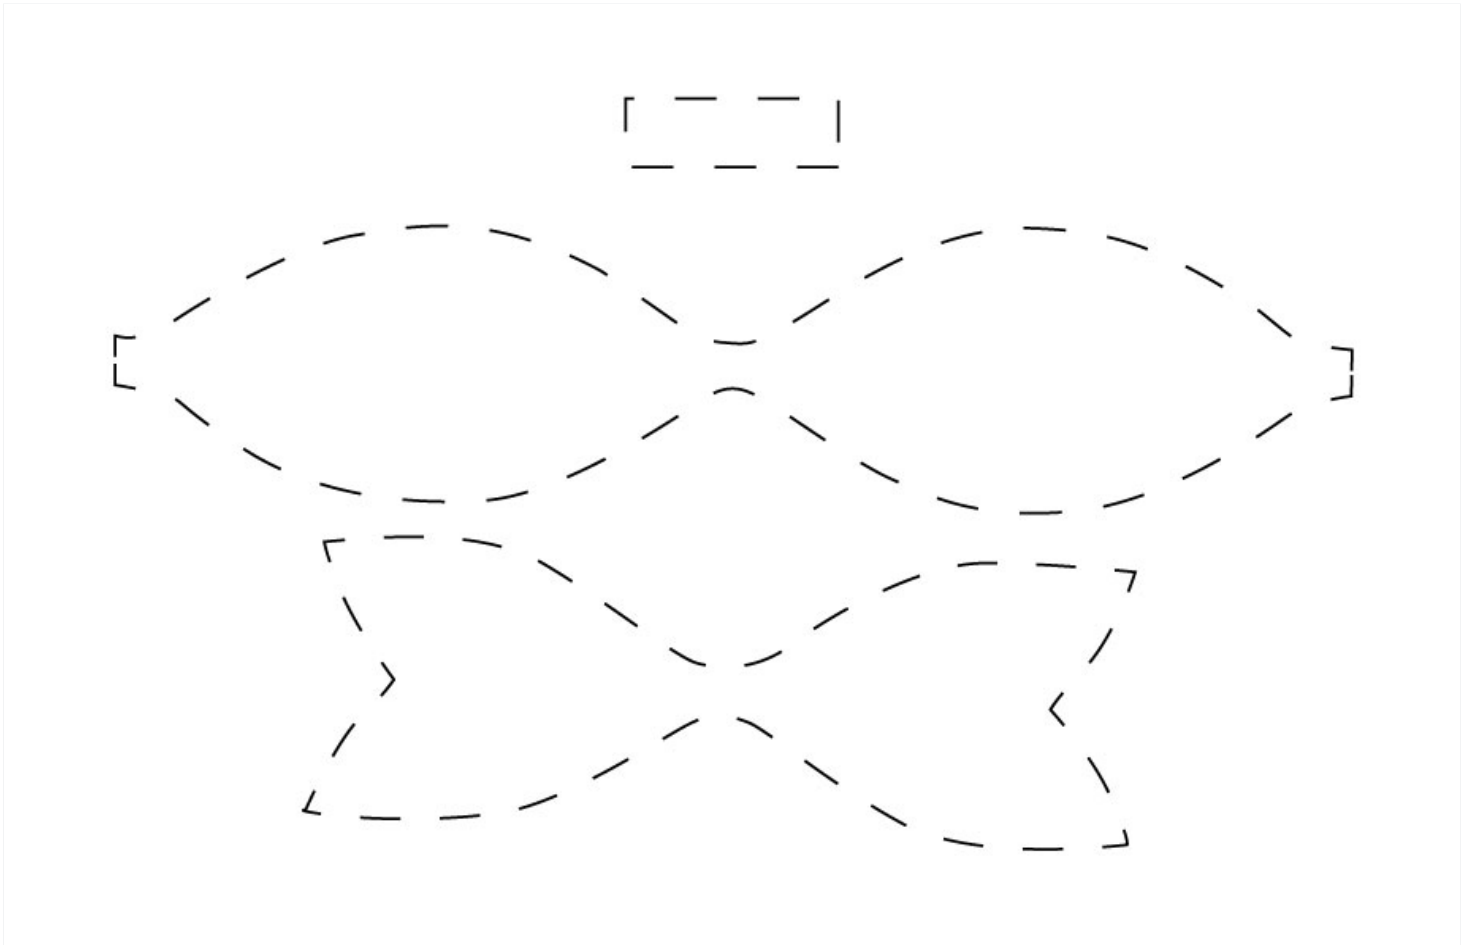

Material

- Sheets of patterned paper
- Scissors
- Glue
- Template

Steps

1. Print and cut out the templates on the following page.
2. Trace the shapes onto the sheets of patterned paper, using the templates and cut them out.
3. Take the two ends of template n° 1 and glue them together in the middle to form two loops.
4. Glue the small template n°3 in the centre so that it fixes the other two parts n°1 et n°2 together.

Material

- Curling ribbon
- Scissors
- Double sided adhesive tape

Steps

1. Cut some strips of curling ribbon, they need to be long enough to wrap around the present.
2. Line up the strips vertically on the table. You can use a little bit of the adhesive tape at one end to hold them in place.
3. Weave horizontal strips through the vertical strips.
4. Fix the ends using the double sided adhesive tape.

Difficulty: ★★☆☆

Material

- Sheets of patterned paper
- Scissors
- Double sided adhesive tape

Steps

1. Cut 9 strips: all 1,9cm wide and in the following lengths: 3 strips 28cm long, 3 strips 25,4cm long, 2 strips 22,9cm long and 1 strip 8,9cm long. Adjust the lengths of the strips to the size of your present to obtain a star more or less voluminous.
2. Form an « eight » by attaching the ends of each strip. Use adhesive tape to fix your folds in place so that the “eights” keep their shape by themselves. Make a circle with the small strip; it will form the centre of the star.
3. Glue the « eights » together using double sided adhesive beginning with the largest. Remember to stagger the smaller « eights » with the larger sizes to get a beautiful star. Finish with the small circle in the middle.
