## Steps

### Rabbits on the garland

- Punch a hole in each pennant about 1.5 cm from the edge, then thread the jute string. Make a knot at each end.
- Using the [the template you can download](#), draw the outline of the rabbit on a coloured sheet of paper and cut out.
- Glue the design onto a pennant. Repeat the same step until you reach the last pennant.
- Place a sticker on the bottom part of the rabbit and glue a small white pom-pom.
- Finalize the decoration with some stickers or Posca marker!

### Mischievous Bunny Garland

- Using the [downloadable template](#), draw the outline of each bunny on patterned paper and cut out.
- Place a sticker on the bottom of the bunny and glue a large white pom-pom.
- Using a mini clothespin, hang the bunny from the wire. For a result full of mischief, hang it on the right ear, then left, then between the two ears!

A beautiful bunny wall decoration!
