## Material

- Sheets of adhesive felt foam
- Aluminium wire
- Decorative buttons
- Pair of scissors
- Glue

## Steps

1. Place the larger template on the orange felt foam, trace the outline twice and cut out the shapes.
2. Do the same with the smaller templates and cut out the following: 1 black circle for the tummy, 2 small blue wings, 1 white beak, and 1 small red head tuft.
3. Cut a 25cm length of aluminium wire, fold it in two, then shape the ends into feet (see photo).
4. Remove the adhesive backing sheet from the orange felt foam and glue the 2 cut-outs together back-to-back, making sure the aluminium wire is placed between them.
5. All that remains is to glue on the wings, the head tuft, and the beak. Then add decorative buttons for eyes to finish of this lovely Easter chick !
