

Rabbits in imitation felt

Estimated time: 1 hour

Difficulty: ★★☆☆

Material

- 1 pattern to be downloaded
- 1 roll of white imitation felt
- 1 roll of pink imitation felt
- An assortment of colour imitation felt sheets (for the ears)
- 1 knife (to be used by the teacher)
- Pair of scissors
- Bottle of roll'n glue
- 1 big spool of white thread
- 1 broad-headed needle
- Monochrome pompoms
- Colour marker
- Cotton or silk paper (optional)

Steps

- Using the knife, the teacher prepares the rabbit forms in the imitation felt roll, using a pattern.
- Cut out little ears in the colour imitation felt sheets.
- Take two forms of rabbits and sew them together. To give the rabbit (some) volume, it's possible to add cotton or silk paper inside.
- Then sew the colour ears and the pompom to make the rabbit's tail.
- For moustaches, a few pieces of white wire will suffice and for the eyes and nose, make a little dot with the marker.
