

RECYCLED BUNNY FLOWERPOTS

+ 3 years | Difficulty: ★ | 1 hour - taking into account the drying time

Material

You need:

- **Materials:** Tin cans (different sizes)
- **BLACK EYES** assorted sizes
- **ADHESIVE FOAM SHEETS**
- **ACRYLIC PAINT**
- **WHITE POMPOMS**

And also:

Steps

- Start by removing the label from the metal cans and painting the cans white (allow 2 to 3 coats).
- Cut out the ears and legs according to the downloadable template.
- Once the paint is dry, place the plants in the cans.
- Then glue the legs, ears, eyes, nose and pom-pom for the bunny's bottom.

Enjoy your pretty plants in beautiful bunnies!
