

FLOWERPOTS

+ 3 years | Difficulty: ★ | 15 minutes

Material

You need:

- [ASSORTED PIPE CLEANERS](#)
- [TERRACOTTA POTS TO DECORATE](#) Height: 5 cm
- [MODELING SAND](#)
or natural sand

And also:

Steps

- Begin by filling the clay pots with modeling sand or outdoor sand. The pleasant texture of modeling sand will provide a sensory experience that the child should enjoy.
- Make colorful flowers with the caterpillars:
For the stem: smooth a green caterpillar so that it is straight and cut it at 15 cm.
For the flower: wrap a caterpillar (of the color of your choice) around a pencil.
- Position the flower on the stem.
- Prick the flowers in the sand as a gardener would.

Your flower arrangement is ready!
