Educational material

Coordination

Steps

- Paint a toilet roll green on the outside and red on the inside.
- Glue one end of the toilet paper roll to make the body of the frog.
- Decorate the frog freely.
- Download and cut out the template for the legs and fly.
- Color the legs.
- Glue the front and back legs to the frog.
- Color the fly and assemble the two parts on top of each other.
- Stick the fly on one end of the string and stick the other end inside the toilet roll.
- Place two moving eyes on the front of the frog.

The aim of the game is to catch the buzzing fly in the frog's mouth. A fun game that encourages eye-hand coordination!
