

CALENDAR OF BIRTHDAYS

+ 5 years | Difficulty: ★ | 1 hour, plus drying

You need:

- Frame with canvas
- Construction paper
- Gouache
- Calligraphy marker
- Hessian twine
- Pins
- Glue gun
- Double sided adhesive tape
- And also:

Steps

- Paint the canvas frame in very light blue (blue and white acrylic paint). Once the background is dry, draw some clouds and paint them white.
- After complete drying, start from the bottom of the fabric and make a mark every 5.5 cm, on both sides of the fabric to mark and mark the months.
- Write Birthdays" with the permanent marker."
- Cut 12 strings of approx. 60 cm; make some knots and create effects on the board.
- Fix the strings with a point of glue or a small pin on the side of the fabric.
- Note the months of the year above the strings on the left of the canvas, with the permanent calligraphy marker.
- Create pennants by cutting out small triangles from the colored sheets and write the child's first name and birthday. Children can stick their pennants to the string using a glue or double-sided tape.

No more excuses for forgetting birthdays!
