Steps

- Draw a 30 cm circle on scrap cardboard.
- Prepare the paint on a piece of cardboard using the colours of the rainbow, yellow, orange, red, purple, blue and green.
- Take a giant fruit or vegetable sponge of your choice, dip it in the associated colour, then place it on the edge of the circle.
- Repeat with other sponge shapes to fill the whole circle, using each colour of the rainbow.
- Paint the ends of 3 clothes pegs the same colour. Repeat for each colour. Leave to dry upside down on the edge of a glass.
- Using a Posca marker and a ruler, draw diagonal lines to separate each colour.
- Finalise your game by writing its name in the centre. For example "At the table the colour!"

And here is a simple creative idea, ideal for developing fine motor skills and colour recognition!
