Steps

- Choose a sheet of paper and fold it according to the step-by-step instructions.
- You can vary the animals by simply changing the shape of the ears (step 6).
- Bring the origami to life with eyes, mouths, and noses, either by coloring them in, gluing them on or combining the two as you like!

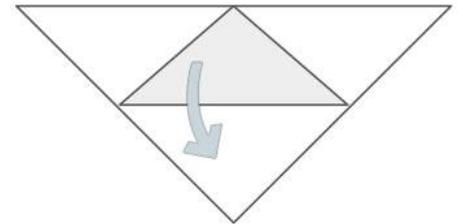

A simple, accessible activity for practical, unique results!

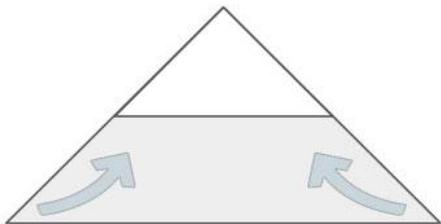

1 - Fold the sheet diagonally to form a triangle

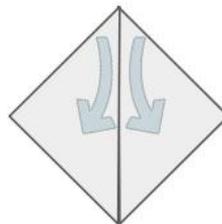

2 - Fold the tip (1 sheet) towards the base of the triangle

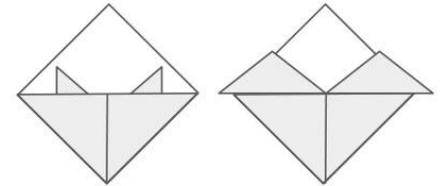

3 - Fold the resulting fold inside inside

4 - Fold the points of the sides towards the top of the triangle

5 - Fold the top 2 points between the side and the bottom of the rhombus, then fold inwards, leaving about 1/3 of the points overhanging

6 - And here is an adorable fox, or cat... By folding the ears sideways, you get a pig!
